

Ski Resort Passenger Ropeway Mechanic Courses April 30-May 2, 2012

This year's program for the CWSAA Operations and Maintenance Seminar in Kelowna on April 30-May 3, 2012, will again feature the three Ski Resort Passenger Ropeway Mechanic courses. These courses are open to all CWSAA member resorts; in British Columbia these courses are a requirement for lift mechanic licensing as specified by the BC Safety Authority. Each of the three courses will include a tutorial on ski lift components and the applicable code requirements, followed by a one-hour, two-part exam involving ski lift components and the applicable Z98 Code requirements. The three courses offered this spring include:

LIFT 151: Level 1 – Surface Lifts	Mon., April 30	8:00 am-3:30 pm
LIFT 152: Level 2 – Fixed Grip Ski Lifts	Tues., May 1	8:00 am-3:30 pm
LIFT 153: Level 3 – Detachable Grip Ski Lifts	Wed., May 2	8:30 am-12:00 noon

Note: These courses assume that participants have a level of understanding relative to experienced ski lift mechanics, therefore knowledge of the Z98-07 Code and knowledge of lift mechanics and maintenance equivalent to the contents of the Selkirk College text *Ski Lift Functions, Maintenance and Regulations* and the companion *Learning Guide* will be required.

FAX THIS FORM BACK TO SELKIRK COLLEGE 1-250-352-5716 BEFORE APRIL 14, 2012.

OPTIONAL, COURSE MATERIALS: *Please check all items/courses requested.*

- Ski Lift Functions, Maintenance and Regulations text – \$100.00 _____

Note: All participants are required to bring a current copy of the Z98-07 Code provided by their ski resort.
