NEW CMS TRAINING

We will review all content listed below and in between each section I will have you either pair up with someone or individually to have time for hands-on in class!

Please wait for questions until I have been able to review all content and sections first. Let's be fair to the ones that need to learn in order of sequence. Thank you!

09:00-09:10   Training Outline

- Structure, objectives and deliverables
- Content Management
- Rights and Roles
- Site Manager Interface

09:25-09:45   Site Structure

Future Training Dates

Are posted for the year!

http://selkirk.ca/s/training/booking/

If you cannot attend a training session please make sure you send an alternate person in your place that has prior

SiteManager experience.

It is your responsibility to take notes and keep an open-mind to learning!
