

Selkirk College inspires lifelong learning, transforms lives through education and training, and serves our community.

WHY INITIATE PROJECT AURORA?

- Transforming Selkirk's ability to more effectively deliver education and support services in key functional areas, ultimately elevating the student experience thus allowing the College to gain a competitive advantage in the marketplace.
- Mitigating the serious business risk of unsustainable legacy ERP systems (Finance, Student, HR/Payroll).

WHAT SELKIRK GAINS

Growth

- Increased enrolments
- Increase capacity for providing additional student services
- Improved student and alumni engagement

Student Access

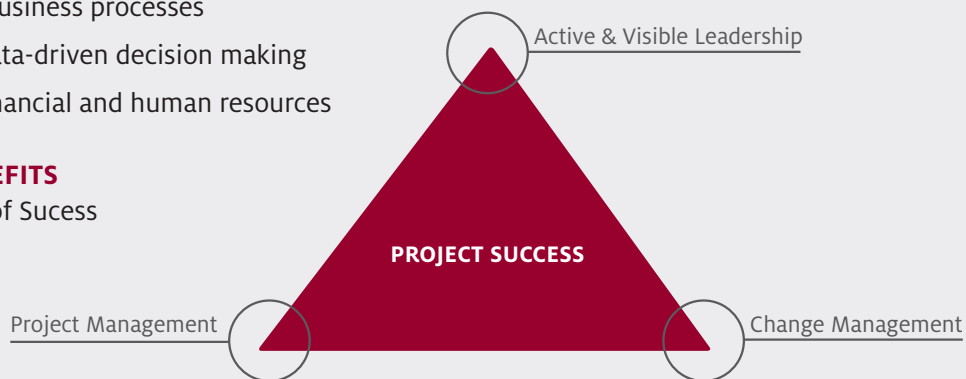

- Maximizing student engagement driven by anytime, anywhere access
- Increased focus on student retention and progression
- Powerful functionality for automated communications/interactions with students

Efficiency & Governance

- Automating business processes
- Supporting data-driven decision making
- Optimizing financial and human resources

REALIZING BENEFITS

The Three Pillars of Success
