## **SURVEY HIGHLIGHTS**

### **About the Respondents**

Out of a possible 2,595 students who attended Selkirk College in the Winter 2018 semester, 1,314 students responded to the 2018 Student Engagement Survey for a response rate of 51%. In 2017, the response rate was also 51%.

The majority of students who took the survey were:

- on the Castlegar campus (60%)
- between the ages of 22 and 30 (45%)
- studying full-time (87%)
- domestic students (71%)
- working full-time before attending Selkirk (39%)

76% of students said that Selkirk College was their first choice, representing consistency from 2017 (76%).

The most common reason domestic students attended Selkirk was because Selkirk was close to home (59%), it has affordable tuition (42%), or for a specific program (41%). For international students, the most common reasons for choosing Selkirk was the affordable tuition (67%), for a specific program (35%), and for the reputation of Selkirk College (19%).

The Selkirk College website continues to be the top source of information used to help students make decisions. Both domestic (29%) and international students (29%) said the website was the most useful tool in deciding on attending Selkirk.

### **Aspects of Interaction with Faculty\***

89% of students said they often worked hard to meet their instructor's expectations, representing no increase or decrease from 2017. 83% of students felt encouraged and supported by their instructor(s) to meet their goals. While we know that receiving feedback is important to students' success, only 70% of students said they had received timely and meaningful feedback on their academic performance.

- 89% worked hard to meet instructor's expectations
- 83% felt encouraged and supported by instructor to meet your goals
- 70% received timely and meaningful feedback from an instructor on your academic performance
- 45% discussed grades or assignments with an instructor

## **SURVEY HIGHLIGHTS**

### **Aspects of Educational Experience\***

While students are still overall satisfied with their educational experience, all aspects of the educational experience have decreased from 2014 with 9 of the 9 indicators falling below the 90% threshold that Ministry of Advanced Education sets for Quality of Education.

89% satisfaction with availability of instructors to answer questions

The areas that fall below the 90% (below 89%) benchmark and therefore require additional attention are:

88% satisfaction with quality of instruction in my program

88% satisfaction with the amount of knowledge that I have gained

88% satisfaction with the level of instructional expertise in my program

84% satisfaction with the quality of course content

84% satisfaction with the clarity of course objectives

79% satisfaction with the availability of courses

77% satisfaction with the extent to which I am learning how to learn

71% satisfaction with the convenience of class scheduling

### **Aspects of Active and Collaborative Learning\***

Students were asked how often they engaged in six areas of active and collaborative learning.

72% worked together with classmates on assignments or coursework

69% discussed ideas from class with others outside of class

63% asked questions in class or contributed to a class discussion

63% put together ideas or concepts from different courses

55% expressed their individual point of view during class discussions

52% made a class presentation

### **Challenges to Academic Success**

Managing finances continues to be the most significant challenge students face, especially for international students. In 2017, 56% of students said managing their finances was a challenge, in 2018 this percentage decreased to 51%. For domestic students, other major challenges were keeping motivated (50%), balancing personal obligations (45%) and managing a heavy course load (40%). For international students, other major challenges included transportation to school (48%), finding appropriate living arrangements (40%) and managing a heavy course load (39%).

## **SURVEY HIGHLIGHTS**

### **Tuition Fees**

Student satisfaction with Selkirk's tuition fees increased from 2017 to 2018 by 7% with 71% of students saying they were satisfied with the affordability of Selkirk's tuition fees compared to 64% in 2017. Likewise, satisfaction with the comparability of Selkirk's tuition fees to other colleges remained steady at 69% in both 2016 and 2017.

- 71% satisfaction with comparability of tuition fees to other colleges

- 65% satisfaction with affordability of Selkirk College tuition fees

- 53% satisfaction with affordability of post-secondary education

The results show that students are increasingly using their own money and part-time employing while studying to fund their education. While "personal savings" has historically been the number one source of educational funding, the percentage of students using this source of funding has increased from 42% to 56% from 2014 to 2018. Likewise, the percentage of students who use part-time employment while studying to fund their education increased from 18% in 2014 to 32% in 2018.

### **Healthy Campus**

In 2017, a special section on the new Healthy Campus initiative was added to/included in the Student Engagement Survey and continued again in 2018. Students were asked several questions relating to their college experience on campus as well as programs they would

In 2018, the top three statements that students agreed with are:

- I have access to clean safe water on campus (91%)

- I feel safe from sexualized violence on campus and in our community (78%)

- I feel safe from oppressive and discriminatory attitudes and beliefs at Selkirk College (72%)

If offered at Selkirk, students would most participate in Healthy Cooking on a Budget (32%), Chill Out Lounge(32%) and Tools for Managing Stress & Anxiety (31%).
