

Selkirk College

# HEALTH

*The world needs caring people just like you, who are committed to making quality of life a priority. Prepare for a challenging and rewarding career where you can make a positive difference everyday.*

## **MEDICAL TRANSCRIPTION, EDITING AND DOCUMENTATION**

This online 10-month certificate program provides unique transcription training for the real-life challenges of a Medical Transcriptionist. It includes three-weeks of intensive practicum experience in hospitals and clinics.

## **GERONTOLOGY**

If you are a health care professional (RN, LPN, SW, OT, PT) interested in continuing your education or considering a change in your practice, the online Gerontology Advanced Diploma program will provide you with the specialized knowledge and training to effectively educate, assess and care for elderly people.

## **HEALTH CARE ASSISTANT**

This 26-week program will support you in developing the confidence, knowledge and skills required to become a Health Care Assistant. You'll learn to provide safe care and contribute to the physical, emotional, and social well-being of clients in a variety of health care settings including acute, residential, private, and community care.

## **NURSING**

Prepare for your career as a Registered Nurse and graduate with a University of Victoria Bachelor of Science in Nursing (BSN) degree at Selkirk College. This four-year program offers dedicated instructors, small class sizes, simulation technology, a variety of rural practice placements and international learning opportunities.

## **NURSING UNIT CLERK**

Serve as the communication link between members of a health care team, other department's (laboratory, diagnostic imaging, pharmacy) clients, visitors, and outside hospitals and agencies. This program prepares you with the knowledge, skills and experience you need to work as a certified, entry level clerk in a variety of health care settings.

## **PHARMACY TECHNICIAN**

Gain the knowledge and skills necessary to assist pharmacists in hospital and community pharmacies. With an excellent reputation for upholding the high standards required in the pharmaceutical field, this 11-month program is accredited by the Canadian Council for Accreditation of Pharmacy Programs (CCAPP).

## **NATIONAL PHARMACY TECHNICIAN BRIDGING ASSOCIATE CERTIFICATE**

Individuals already working in the role of pharmacy technician can upgrade their skills to align with changes in the regulation and scope of practice of pharmacy technicians, without returning to school to complete a full-time training program.

***My experience as a nursing student at Selkirk College has been invaluable. I felt incredibly supported, challenged and empowered to learn and grow both personally and academically.***

TESSA MUNRO, NURSING STUDENT AT SELKIRK COLLEGE
