# HUMAN SERVICES

*The world needs caring people just like you, who are committed to making quality of life a priority. Prepare for a challenging and rewarding career where you can make a positive difference everyday.*

## CLASSROOM & COMMUNITY SUPPORT WORKER (CCSW)

Promote the educational needs, development, health and well-being of children and adults of all ages living with disabilities in the community. Graduates of this 9-month flexible program continue to be in high demand and find employment as a Teaching/Education Assistant or Community Support Worker.

## SOCIAL SERVICE WORKER (SSW)

Learn the skills to support those in crisis, empower individuals and build healthy communities. This 9-month program prepares you for practice in community service agencies, institutions and schools and also provides a firm base for further professional education in either Child and Youth Care or Social Work.

*Human Services' program instructors take the time to fully define fundamental social work theories as well as their relationship to current practice trends. In addition the content is gracefully balanced, inviting students to explore global issues as well as local approaches to social inequalities. The employment opportunities that result from any of the various outcomes of the Human Services program are plentiful and diverse.*
