Kootenay Life

EXPERIENCE LIVING IN THE WEST KOOTENAY AND BOUNDARY REGIONS OF BRITISH COLUMBIA.

Explore an abundance of local art, music and wellness activities to enrich your student life. Diverse ethnic foods, locally made crafts and community markets are just a few of the local charms. With the mountains close and the lakes and rivers even closer, this is some of the most spectacular and accessible landscape British Columbia has to offer. Enjoy all four seasons—soak up the summer on a pristine lake in a kayak, carve some deep powder lines at the nearby mountain resorts, blaze a trail on your mountain bike or hike the epic backcountry. Discover why people from all over the world come to this region for authentic outdoor activity and leisure.

ANNUAL TUITION COMPARISON EXAMPLE FOR UNIVERSITY TRANSFER/ ACADEMIC ARTS

Source: Comparisons are based on data collected by the Ministry of Advanced Education, 2016/17 Tuition for BC Public Post-Secondary Institutions.

INSTRUCTOR PROFILE

MIKE KONKIN, BUSINESS INSTRUCTOR

Business Administration Program instructor Mike Konkin knows a great idea when he tastes it. Founder and CEO of the Trail Beer Refinery, the veteran educator launched his plan for a micro-brewery and taproom in 2016. With a product line focused on traditional ales and lagers, it opened in the spring of 2017 in downtown Trail, BC to massive positive response.

“If you deliver something of quality, people will want to support it,” says Konkin, who has been teaching tax, finance and accounting at Selkirk College for more than a decade. “We know what people like and we want to deliver it to them. It’s authentic and people appreciate that aspect of our business.”

Konkin spent nine years in Vancouver working as a CGA for the likes of McDonald’s Corporation, Fletcher Challenge and Rocky Mountain Chocolate Factory before returning to the West Kootenay where he was raised. Prior to teaching at Selkirk College, he set up a bustling accounting practice in Trail and was involved in a successful tech start-up.

“Everything I teach in class, I have seen in real life beyond the academia. You can take a look at almost any course in business and you can build a case study someplace in this brewery that can be used. And when you talk about beer, it’s just that much cooler.”

Students are encouraged to explore their artistic talents. Our state-of-the-art computer labs, classrooms, artist studios and a new performance theatre help support our students to fulfill their passion for creating. [TENTH STREET CAMPUS, NELSON](#)

THE ARTS

TWO-YEAR DIPLOMAS

CONTEMPORARY MUSIC & TECHNOLOGY

Selkirk College is Canada's first and only school that offers performance, engineering and composition in a two-year program. It's also the only program where students can play more than just classical or jazz. Study your instrument and related skills in the first year and choose a major in the second. An initial core year that provides solid grounding in music theory and ear training is followed by one of six program majors:

- Composition
- Directed Studies
- General Music
- Music Performance
- Music Production/Engineering
- Songwriting Major

This program transfers directly into undergraduate programs at the prestigious Berklee College of Music.

selkirk.ca/music

DIGITAL ARTS & NEW MEDIA

Acquire in-depth training in the design, development and production of new media. This program seeks applicants who are dedicated to excellence and innovation in the field of interactive media. The intensive program provides you with hands-on training in:

- Graphic Design
- Digital Photography
- Digital Video and Audio Editing
- Mobile Application Development
- Motion Graphics
- 2D and 3D Animation
- Web Design and Programming

selkirk.ca/digital-arts

MUSIC CAREERS INCLUDE:

- Composer
- Music Engineer
- Music Instructor
- Music Merchandiser
- Music Technologist
- Music Therapy
- Performer
- Producer
- Promoter
- Recorder
- Songwriter

DIGITAL ARTS CAREERS INCLUDE:

- Animation Artist
- Freelance Artist
- Graphic Designer
- Illustrator
- Interactive Content Developer
- Motion Graphics Designer
- Publisher
- UI Designer
- Web Developer

At Kootenay Studio Arts, small class sizes, working artists as instructors and after-hours studio access contribute to our goal of attaining excellence as a leader in craft and design education.

[VICTORIA STREET CAMPUS, NELSON.](#)

KOOTENAY STUDIO ARTS

TWO-YEAR DIPLOMA

STUDIO ARTS

Explore and hone your design and technical abilities through a supported and self-directed learning experience. Major in Jewelry, Textiles, Ceramics or Sculptural Metal and round out your creative skills with course offerings in academic, digital media and self-directed studio practice.

selkirk.ca/ksa

10-MONTH CERTIFICATES

CERAMICS

Gain instruction in traditional techniques such as hand-building, wheel, glazing and firing, along with technical, critical and design issues in contemporary ceramics and pottery.

selkirk.ca/ceramics

JEWELRY

Learn the high level of design and fabrication skills necessary to create jewelry, while exploring your own concepts and creative expression in a fully equipped studio.

selkirk.ca/jewelry

TEXTILES

Learn traditional and contemporary textile practices including weaving, felting, dyeing and printing along with pattern making in both wearable and non-wearable contexts.

selkirk.ca/textiles

SCULPTURAL METAL

Develop proper techniques and learn to produce metal work through studio and foundry demonstrations, discussions, field trips, exercises and self-directed studio time.

selkirk.ca/sculptural-metal

FOUR-MONTH CERTIFICATES

BLACKSMITHING

Learn to manipulate and join steel through a variety of metalsmithing techniques and types of welding to create ornamental metal art.

selkirk.ca/blacksmithing

BRONZE CASTING

Gain hands-on practice in studio production using sand and lost-wax casting methods. Learn to cast sculptural forms and pour molten metal as you design, create and develop molds and patterns for casting in our foundry room.

selkirk.ca/bronze-casting

NINE-WEEK ADVANCED CERTIFICATE

OPEN STUDIO

Designed for students who have already taken a certificate or diploma program in one of our studio areas. Utilize our space, support and guidance to produce a cohesive body of work in your chosen studio or discipline. Explore innovative techniques in your practice and mature in your craft.

selkirk.ca/open-studio

Whether you're starting out, upgrading, or looking for new leadership opportunities, our Business programs help you prepare for a challenging and rewarding career.

CASTLEGAR CAMPUS

BUSINESS

TWO-YEAR DIPLOMA

BUSINESS ADMINISTRATION

Selkirk College's business programs can lay the foundations for a career in marketing, human resources, finance or accounting (just to name a few) and give you invaluable practical experience. Work towards a diploma or use these programs as the first two to three years towards a degree in Business, Commerce, or Management. You'll benefit from:

- Flexible, full- or part-time studies
- Small class sizes
- Real-world co-op work experience
- Career networking opportunities
- Transfer to a variety of degree programs
- Exchange and transfer opportunities to go to France, Australia and Scotland
- A strong international focus

selkirk.ca/business

INTERDISCIPLINARY STUDIES

Decide on a combination of courses and disciplines that meet your learning and career goals. This diploma can have up to four concentrations listed on it.

Interdisciplinary Studies examples include:

- Pharmacy Technician and Business Administration
- Accounting and Professional Management
- Computing and Business Administration

selkirk.ca/interdisciplinary-studies

POST-GRADUATE DIPLOMAS

BUSINESS ADMINISTRATION

Complement and build on your previous education and work experience. Gain the knowledge and skills necessary to launch a business career in Canada. Post-graduate diploma courses include Leadership, Multicultural Management, Introductory Accounting, Marketing, Human Resource Management, Commercial Law and International Business, as well as a Directed Studies course where you can research a business area of interest to you.

selkirk.ca/post-grad-business-admin

HOSPITALITY MANAGEMENT

See page 19

ACCOUNTING

This two-year Post-Graduate Diploma in Accounting also builds on your previous work and educational experience. Gain the foundation you need to enter the Chartered Professional Accountant (CPA) designation education program. Competent accountants are in high demand in today's business world.

selkirk.ca/post-grad-accounting

TRANSFER OPPORTUNITIES

The Business Administration Program transfers directly into degree programs at a variety of institutions including the American School of Business, Athabasca University, Capilano University, Okanagan College, Robert Gordon University, Royal Roads University, Thompson Rivers University and University of British Columbia. - Wildlife Technologist

Did You Know?

SELKIRK COLLEGE IS HERE TO HELP YOU SUCCEED. WE HAVE AN ABUNDANCE OF SUPPORT SERVICES ON CAMPUS WITH DEDICATED STAFF READY TO ASSIST. ABORIGINAL SERVICES AND HEALTHY CAMPUS ARE TWO OF MANY SERVICES HERE FOR YOU.

ABORIGINAL SERVICE

Selkirk College recognizes the importance of providing a welcoming, respectful, inclusive and supportive learning environment for all Aboriginal learners. Through Aboriginal Services, we provide financial aid advice, community support, career counselling, an Elders Program and cultural activities on campus. Visit the Aboriginal Gathering Place, a welcoming and supportive environment where students can meet, relax, enjoy events and discover the new Indigenous plant garden.

selkirk.ca/aboriginal

HEALTHY CAMPUS

At Selkirk College we consider the whole person in the learning environment, infusing health into everyday operations from business practices to academic mandates. By doing this we create a web of caring, a culture of compassion, wellbeing, equality and social justice which enhances the success of our students. Through Healthy Campus Initiatives at Selkirk College, priority is placed on mental health and resilience, nutrition, physical activity, built and natural environment, inclusion and connectivity and healthy sexuality.

selkirk.ca/healthy-campus

INSTRUCTOR PROFILE

KIM GREEN, GEOGRAPHY INSTRUCTOR

Geography instructor Kim Green came to Selkirk College with a wealth of knowledge and passion ready to impart to her students. A geoscientist and environmental geographer, she has on-the-ground experience as a consultant throughout western North America. Her recent doctoral research includes understanding the processes controlling channel form; stability and ecosystem function of mountain streams in forested, snow melt dominated watersheds.

“With 30 years of applied geoscience experience to draw on, I am able to engage students by sharing with them from my own experiences and to mentor students interested in pursuing a wide range of geoscience careers.”

The world needs caring people just like you, who are committed to making quality of life a priority. Prepare for a challenging and rewarding career where you can make a positive difference every day.

CASTLEGAR CAMPUS

HEALTH

MEDICAL TRANSCRIPTION, EDITING AND DOCUMENTATION

This online 10-month certificate program provides unique transcription training for the real-life challenges of a medical transcriptionist. It includes three weeks of intensive practicum experience in hospitals and medical clinics.

selkirk.ca/mted

GERONTOLOGY

If you are a health professional working with aging adults or considering a change in your practice, the online Advanced Diploma in Gerontology will provide you with the specialized knowledge to effectively analyze trends and challenges in the field of geriatrics, as well as the skills to work with multiple disciplines to proactively respond to these trends and challenges.

selkirk.ca/gerontology

HEALTH CARE ASSISTANT

This 26-week program will support you in developing the confidence, knowledge and skills required to become a health care assistant. You'll learn to provide safe care and contribute to the physical, emotional, and social well-being of clients in a variety of health care settings including acute, residential, private and community care.

selkirk.ca/hca

NURSING

Prepare for a career as a registered nurse in British Columbia's health care system with a University of Victoria Bachelor of Science in Nursing (BSN) degree through Selkirk College. This program offers dedicated instructors, small class sizes, simulation technology, a variety of rural practice placements and international learning opportunities.

selkirk.ca/nursing

NURSING UNIT CLERK

Serve as the communication link between members of a health care team, other department's (laboratory, diagnostic imaging, pharmacy) clients, visitors, and outside hospitals and agencies. This program prepares you with the knowledge, skills and experience you need to work as a certified, entry-level clerk in a variety of health care settings.

selkirk.ca/nucl

PHARMACY TECHNICIAN

Gain the knowledge and skills necessary to assist pharmacists in hospital and community pharmacies. With an excellent reputation for upholding the high standards required in the pharmaceutical field, this 11-month program is accredited by the Canadian Council for Accreditation of Pharmacy Programs (CCAPP).

selkirk.ca/ptec

PHARMACY TECHNICIAN BRIDGING ASSOCIATE CERTIFICATE

Individuals already working in the role of pharmacy technician can upgrade their skills, to align with changes in the regulation and scope of practice of pharmacy technicians, without returning to school to complete a full-time training program. This program is also delivered in French language.

selkirk.ca/ptec-bridging

Check with a Selkirk College counsellor for more information.

Become part of the vibrant and growing tourism sector in Canada and beyond. Explore the unlimited possibilities offered in the service industry through Selkirk College's first-class training.

TENTH STREET CAMPUS, NELSON

HOSPITALITY & TOURISM

PROFESSIONAL COOK APPRENTICESHIP PROGRAM

Become a competent, professional cook in a creative kitchen environment. Our program focuses on culinary fundamentals needed for detailed menu planning, quality ingredient selection and efficient meal preparation. Students in this program work towards completion of their BC Industry Training Authority Apprenticeship in Professional Cook 1, Cook 2 and Cook 3 Red Seal.

selkirk.ca/cook

CULINARY MANAGEMENT

Gain the skills to manage, own or operate a food and beverage business. This diploma program was developed for chefs looking to further their management or entrepreneurial skills and is offered as a one-year addition for students who have taken the Professional Cook 1 and 2 programs or for anyone with Red Seal Journeyperson Chef accreditation.

selkirk.ca/culinary

RESORT & HOTEL MANAGEMENT

The Selkirk College Resort & Hotel Management two-year diploma program introduces all aspects of the tourism and hospitality industry essential for those looking to move into supervisory and management positions. The program combines classroom instruction, practical lab training and work experience so you can gain solid business experience, human resource understanding as well as leadership and marketing skills. Graduates from this program receive two years of credits towards a four-year bachelor's degree from numerous universities across Canada and internationally.

selkirk.ca/rhm

SKI RESORT OPERATIONS & MANAGEMENT

Learn all aspects of ski resort operations and pursue a career in the ski and snowboard industry. This two-year diploma program provides a unique blend of management skills and industry knowledge to prepare you for a lasting leadership role on the mountain. Relevant classroom curriculum, combined with a work semester, produces a solid foundation for employment after graduation. Graduates from this program receive two years of credits towards a four-year bachelor's degree from numerous universities across Canada and internationally.

selkirk.ca/ski

POST-GRADUATE DIPLOMA IN HOSPITALITY MANAGEMENT

The two-year Post-Graduate Diploma in Hospitality Management is developed for hospitality graduates from programs outside of Canada. The program will provide you with the knowledge and skills necessary to be successful in the ever-changing and competitive business world in Canada, specifically the hospitality industry. The Post-Graduate Diploma in Hospitality Management includes a paid four-month work term from May-September. Students will be given the opportunity to interview for positions in the hospitality industry either locally, in larger cities, or in resort areas. The work term is a required component of the post graduate diploma and offers an opportunity to take your education abroad.

selkirk.ca/business-tourism-management

POST-GRADUATE DIPLOMA IN CULINARY MANAGEMENT

The Culinary Management diploma is developed for chefs and hospitality program graduates from programs outside of Canada. International students who have a culinary or hospitality credential are welcome to apply for this program. Students will be fast-tracked through a curriculum similar to the Professional Cook courses Level 1 and 2. Additionally, students will gain hands-on industry experience during a paid four-month work term. Students will be given the opportunity to interview for positions in the hospitality industry either locally, in larger cities, or in resort areas. Alongside the culinary focused course, students will also complete two semesters of management level courses.

selkirk.ca/post-graduate-culinary

GOLF CLUB OPERATIONS ONLINE

Selkirk College is the first accredited post-secondary institution in Canada to offer a comprehensive online certificate in Golf Club Operations Management. The program incorporates professional business training and the latest technology to allow you to complete courses no matter where you live.

selkirk.ca/golf

TRANSFER OPPORTUNITIES

Resort and Hotel Management students can transfer directly into related degree programs with Athabasca University, Capilano University, Royal Roads University, Ryerson University, Thompson Rivers University, the University of Guelph, University of Lethbridge, University of Victoria and Vancouver Island University. Students from the Ski Resort Operations & Management program can transfer directly to the University of Lethbridge, Thompson Rivers University, Vancouver Island University, Royal Roads University and Capilano University.

ONE-YEAR CERTIFICATE

These programs transfer into diploma and bachelor's degree programs in BC.

Engineering

Take your first year of Engineering and transfer your credits towards an engineering degree at UBC, SFU, UVic or UofA.

Transformative Justice

Address conflict and work to achieve peace through viable, sustainable methods. This program expands on conventional conflict resolution approaches and develops practical peace and justice skills valuable in criminal justice careers.

Workplace Communications

Advance your communication skills needed for success in the workplace.

Workplace Readiness

Develop the skills employers are looking for through a range of employability, academic and communication based courses.

TWO YEAR DIPLOMA

Creative Writing

Find your voice and gain confidence in communicating your ideas in an inspiring and supportive educational setting. Explore fiction, non-fiction, poetry and drama.

Law & Justice Studies

Acquire the foundational skills, training and credits for a future in a variety of legal professions including law, law enforcement, paralegal, criminology, advocacy social justice and legal security.

Liberal Arts and Sciences

Take up to two years of Arts and Science courses before transferring into a third year of a university program such as a bachelor of arts, bachelor of fine arts and bachelor of science.

*Flexible pre-majors in Anthropology, English, Psychology and Sociology are also available.

Peace & Justice Studies

Emphasizing peace from the interpersonal to the international, this program combines courses in humanities and social sciences focusing on building cultures of peace through conflict analysis and transformation.

THREE YEAR ADVANCED DIPLOMA

Rural Pre-Medicine (RPM)

The Associate Degree in Science and the Advanced Diploma in Rural Health Sciences combine to form our innovative RPM program which provides a great background in rural health as well as all the prerequisites for admission to medical school in BC.

A VALUABLE START BEING CLOSE TO HOME

After receiving the academic start she hoped for at Selkirk College, Stephanie Kirk made the jump to the University of British Columbia in Vancouver armed with a \$80,000 scholarship. With two years of success in the School of University Arts & Sciences preparing her for the challenges that await, Kirk received a 2017 UBC Centennial Scholars Entrance Award to complete the final two years of her degree in Vancouver.

"I started thinking it was a good financial decision to stay close to home, but if I skipped off to a giant university I would have never recognized the investment that the Selkirk College instructors make into every student," says Kirk. "The value in the classroom of being able to have a meaningful discussion with your peers and instructors is huge. It really feels like a community here because you are able to build relationships."

Primarily because she is deaf in one ear, it was decided at a young age that the best option for Kirk's education was to home school. It was a choice that stuck and the young student completed her Grade 12 in Nelson without ever attending school in a traditional classroom setting.

"Not having any experience with a classroom setting at all, moving to a big university was really intimidating. Selkirk College is a fantastic start because you have a lot more access to your instructors and that was huge for me. It's that learning environment that helped me get into UBC."

THE PERCENTAGE OF SELKIRK COLLEGE STUDENTS WHO COMPLETE DEGREES AFTER TRANSFERRING IS

75%

THE THIRD HIGHEST IN THE PROVINCE

selkirk.ca/uas

DISCOVERING YOURSELF IN LEARNING TO BE OF SERVICE

You may recognize John Ryan as leader of the Moving Mosaic Samba Band. The band plays traditional Brazilian rhythms at festivals around the West Kootenay, connecting with community its mission. Just a few years ago, Ryan took this mission to heart as he sought out a new path, an injury ending his career as an electrician. Selkirk College's Education Assistant & Community Support Worker Program helped him learn more about himself and how he could be of service in his community. He graduated from the program in 2015 with a deeper understanding of himself and how to connect with people.

"This program made me a better person," he says.

Ryan currently works at a local high school as an Education Assistant. He also provides home support for two people with disabilities who are living independently.

"It's all about making relationships," he says. "It's great work. I see it as a privilege to be able to help people – to help shape their lives."

SILVER KING CAMPUS EMBARKS ON NEW ERA

For more than a half century, Nelson's Silver King Campus has been a powerhouse of trades training. It has supported numerous Selkirk College programs that have provided generations of students the skills needed to help build communities across Canada. In 2016, the federal and provincial governments invested \$16 million into an \$18.9 million refresh of the campus that will result in state-of-the-art shop spaces and a modern learning environment.

Equipped with the tools and technology required to train students for today's job market demands, the new Heavy Mechanical, Welding, Millwright/Machinist, Carpentry and Electrical shops will bolster learning in the School of Industry & Trades Training. The project also includes a beautiful new student commons building that will boast a cafeteria, multi-purpose open study area, student services offices and an Aboriginal Gathering Place.

With thousands of vacancies expected in the trades in the coming years, the potential for employment continues to be strong. The refreshed Silver King Campus in Nelson will be an important piece in advancing trades training for the next half century.

INSTRUCTOR PROFILE

LEESA DEAN, CREATIVE WRITING INSTRUCTOR

Selkirk College creative writing instructor Leesa Dean is on fire! Her debut short story collection *Waiting for the Cyclone* has received great acclaim including being shortlisted for Ontario's most prestigious literary award – the Trillium Book Award. Originally from the Kootenays, Leesa is a graduate of the University of Guelph's Creative Writing MFA program who has been teaching at Selkirk College since 2015. A rising star in the literary world, Leesa nurtures creativity among her students and in the community sharing her wealth of knowledge and enthusiasm.

"There's a fantastic mix of people at Selkirk College who are attracted to this place, and the result is a vibrant community of innovative thinkers and creative beings. As a writing instructor, I'm lucky to experience unique convergences...there's a lot of energy here and a lot of opportunities!"

Integrate an international experience into your study plan. Find out about international scholarships, exchanges, internships, degree completion and study abroad. International and Canadian students can access a variety of full-time English language programs, diplomas, certificates and associate degrees. [CASTLEGAR CAMPUS](#)

INTERNATIONAL EDUCATION

ENGLISH LANGUAGE PROGRAM

Develop and refine English language skills for university or advanced studies, professional and career opportunities, or personal growth. On successful completion of Advanced English Language and College Composition, students can enter other college programs without a standardized language test.

selkirk.ca/elp

UNIVERSITY AND COLLEGE PREPARATION CERTIFICATE

This one/two-semester certificate provides students with opportunities to refine advanced English language skills with limited college classes. Students can complete prerequisites for preferred programs, gain Canadian class experience in their degree major, or just have a college classroom experience for personal interest.

TESOL ADVANCED DIPLOMA

TESOL Advanced Diploma is the exploration and study of second language acquisition and teaching combined with practice teaching in multi-lingual language classes. Graduates of this program are eligible for TESL Canada Professional Certification.

selkirk.ca/tesol

ACADEMIC/CAREER PROGRAMS

Students with prerequisite English skills are eligible to apply to the 60+ post-secondary certificate, diploma, post-graduate diploma and associate degree programs. Assistance with admission requirements and advising is available. Upon completion of programs, students can transfer to universities worldwide for degree completions.

LANGUAGE AND CULTURE EXPERIENCE PROGRAMS

Selkirk International offers a variety of short-term English language, culture and recreational programs ranging from two to eight weeks or more. These programs can be customized to each group or individual. Each program combines conversational or academic English with cultural and recreational activities, Canadian student and family life, and sightseeing opportunities.

SELKIRK INTERNATIONAL SERVICES

Selkirk International provides full support and assistance with homestay, residence, study permits and visas, medical coverage, tutoring and academic advising, and airport pick-up.

selkirk.ca/international

OFF-CAMPUS OPPORTUNITIES

STUDY ABROAD

Study abroad in France, Australia, Japan, Korea, Chile, Mexico and many more. Learn a language, get credit towards your diploma, and travel the world at the same time. Apply for funding and scholarships.

WORK ABROAD

Work abroad as part of your practicum/ internship or on completion of your studies. Work opportunities are available for students in selected programs in Japan, Chile, China, Europe and others. Some funding is available.

TRANSFER ABROAD

Complete your degree in Scotland, Switzerland, Australia, the USA and other countries. Many Selkirk College programs have been fully articulated with universities worldwide.

ON-CAMPUS OPPORTUNITIES

JOIN THE INTERNATIONAL COMMUNITY

Apply for Work as a Cultural Assistant and welcome visiting students to Canada and British Columbia.

Volunteer as a cultural partner and share languages and experiences with students from a variety of countries.

selkirk.ca/international

Over the next 15 years, thousands of skilled tradespeople will be required in BC to fill vacancies created by a growing economy and the impending retirement of baby boomers. Selkirk College programs give you the tools you need for the jobs of today and tomorrow. [SILVER KING CAMPUS, NELSON](#)

INDUSTRY & TRADES

INDUSTRY & TRADES CAREERS INCLUDE:

Carpenter
Construction Worker
Renovator
Residential or Commercial Builder

Electrician
Electrical Inspector

Craftsperson
Furniture Maker
Kitchen Cabinetmaker

Hairstylist

Heavy Duty Mechanic
Bus Mechanic
Tractor and Transport Mechanic
Diesel Engine Mechanic

Boat Builder
Construction Worker
Metal Fabricator

Machinist
Millwright

Field Operator
Plant Operator
Process Operator

Construction Welder
Manufacturing Welder
Shipbuilding Welder
Welder Fitter

FOUNDATION PROGRAMS

Learn through practical shop experience and theoretical classroom training to develop the skills and knowledge necessary to start as a working apprentice in:

- **Carpentry** – 24 weeks
- **Electrical** – 24 weeks
- **Fine Woodworking (Joinery/Cabinetry)** – 36 weeks
- **Hairstylist** – 36 weeks
- **Heavy Mechanical (Heavy Duty, Commercial Transport, Transport Trailer and Diesel Mechanics)** – 36 weeks
- **Metal Fabricator** – 23 weeks
- **Millwright/Machinist** – 36/30 weeks
- **Welding Level 1 & 2** – 28 weeks

By completing Foundation Level you are eligible for credit from the Industry Training Authority (ITA) for the theory portion of Level 1 (*in some cases Level 2*) of the applicable apprenticeship program. Foundation Level graduates also receive some credit towards the work-based hours required for their apprenticeship.

selkirk.ca/trades

APPRENTICESHIP PROGRAMS

Apprenticeship combines paid, work-based training (about 80 – 90%) with in-school technical training (about 10 – 20%). Interprovincial Red Seal trade certification is awarded upon successful completion of both components. In-class technical training is offered in the following trades:

- **Carpentry:** Levels 1-4 (each level 7 wks)
- **Electrical:** Levels 1-4 (each level 10 wks)
- **Professional Cook:** Level 1 (28 wks) @ Level 2 (14 wks)
- **Welding:** Modular – Level B (16 wks) and Level A (8 wks), Apprenticeship – Level 1 @ 2 (8 wks) Level 3 (11 wks), Multi Process Alloy Welding (5 wks), Upgrader Welding (self-paced)

PRE-EMPLOYMENT CAREER PROGRAMS

Plant Operator – 24 weeks
Through a combination of 18 weeks of class/shop with six weeks of work experience, you will develop entry-level skills that are required to monitor and control equipment and process units in large industrial plants. There is excellent local employment and salary potential for graduating students.

selkirk.ca/plant-operator

OTHER CAREER-ORIENTED PROGRAMS

The following programs are intended for professionals currently working in related industry areas.

BC Electrical Code

selkirk.ca/bc-electrical-code

BC Low Energy Code

selkirk.ca/bc-low-energy-code

Refrigeration Plant Operator

– Distance Education
This nine-unit course, approved by the BC Boiler Inspection Branch, is taught entirely online. After completion, you receive four months of credit towards the one year of operating time required to write the Provincial Certificate as a Refrigeration/Ice Plant Operator.

A HEAD START ON TECHNICAL TRAINING

High school students can take college level trades training through the **Youth Train in Trades (YTT)** program. Youth Train in Trades gives high school students the opportunity to receive post-secondary Foundation/Apprenticeship Level 1 Technical Training in a variety of trade areas. Participating students are registered as an apprentice with the Industry Training Authority (ITA) with their school district as their sponsor. The program is open to students in Grades 11 or 12, who are 15 to 19 years old and who have not achieved Ministry of Education graduation.

YOUTH TRAIN IN TRADES PROGRAMS AVAILABLE

- Carpentry Foundation
- Electrical Foundation
- Fine Woodworking
- Hairstylist
- Heavy Mechanical
- Metal Fabricator
- Millwright/Machinist
- Professional Cook Training
- Welding

SKILLS AND QUALIFICATIONS

Through Youth Train in Trades, students receive a combination of practical, hands-on and theory-based training leading to graduation and recognized industry certification. Youth Train in Trades is a dual credit program—successful students receive high school graduation credits (credits vary depending upon program), Level 1 Technical Training credential plus Work-Based Training hours credited towards apprenticeship requirements.

WHERE ARE THE PROGRAMS LOCATED?

Trades programs are taught at Selkirk College's Silver King and Tenth Street campuses in Nelson.

WHEN DO YOUTH TRAIN IN TRADES PROGRAMS START?

Programs typically start August/September and/or February each year.

PROGRAM FUNDING

Full or partial funding is available for YTT students (funding varies by school district). Further funding is available through the Selkirk College Secondary School Transitions Award (*Please note: this funding varies year to year and is based on financial need.*)

HOW TO APPLY

Remember it's best to apply in Grade 10 or at the beginning of Grade 11.

1. Talk/meet with your high school counsellor/YTT Rep to let them know you are interested in participating in this program.
2. Select a program, review prerequisites and check start dates.
3. Meet with your school counsellor or Youth Train in Trades rep to review your eligibility/suitability for the program. Applications are evaluated based on factors including trades program prerequisites, high school attendance record, attitude and maturity, etc.
4. Create an education plan to ensure you are set to graduate from high school.
5. Create a financial aid plan as to how you will secure funds to pay for this education (if not fully funded by the ITA/school district).

MORE INFORMATION

Speak to your high school counsellor to find out how you can study a YTT program. Visit the ITA website:

youth.itabc.ca/programs/train

YOUTH TRAIN IN TRADES

Fine Woodworking alumna Chantelle Howard celebrated her Selkirk College grad months before graduating from Grand Forks Secondary. Practicing woodwork since Grade 8, she was inspired by her dad and her wood shop teacher to learn more.

High school students can start working toward a field of interest learning from experts and earning a paycheque – all before graduation through the Youth Train in Trades (formerly ACE IT) program. Get started on the Level 1 technical trades training while still earning credit toward high school graduation.

“When I had the opportunity to be a Youth Train in Trades student and advance my skills, I took it!”

selkirk.ca/youth-train-in-trades

Do you need a prerequisite course, better grades, improved workplace or life skills? In our friendly, supportive setting, you'll get our instructor's personalized attention while you upgrade and improve your skills. All our programs are inviting and encouraging. [ALL CAMPUSES & LEARNING CENTRES](#)

UPGRADING

UPGRADING (FORMERLY ADULT BASIC EDUCATION)

The entire Upgrading (formerly ABE) program, the instructors, the way we teach and the classrooms are designed to build your confidence as a learner and set you up for ongoing success. Upgrading can help improve your understanding and your grades in prerequisite courses, build your study skills and comfort in a college setting and connect you to the college before your program begins. Upgrading can get you the certificate or diploma you need to land a job or start the path to a career change. Anyone can take Upgrading courses. Upgrading is offered in Castlegar, Grand Forks, Kaslo, Nakusp, Nelson (summer classes also) and Trail.

selkirk.ca/upgrading

ADULT SPECIAL EDUCATION (ASE)

ASE focuses on social skills development in a cooperative learning environment. Training may include Math and English upgrading, workplace readiness training, independent living, self-advocacy, personal management and introductory computer skills. ASE is offered in Castlegar, Grand Forks and Nelson. Trail offers a Food Service Worker program where special needs students can learn entry-level skills for the food service industry.

selkirk.ca/ase

ESSENTIAL SKILLS

What are 'essential skills?' They are the skills that people need for work. There are nine skills identified including: reading text, document use, numeracy, computer use, writing, oral communication, working with others, thinking, and continuous learning. While many of these skills are already incorporated into existing courses in Upgrading and ASE, programs can be created to help individuals or workplaces increase job-specific essential skills.

LITERACY

Through our partner, Columbia Basin Alliance for Literacy (CBAL), we support literacy and life-long learning. CBAL offers free adult, family and English as a Second Language (ESL) programs in the communities of the Kootenays. Adults can improve their basic literacy skills with a tutor or in a small group. Family literacy programs support parents in their role as their child's first and most important teacher.

SUMMER SCHOOL & COLLEGE SUCCESS

If you're heading to post-secondary classes for the first time, or returning to school, you can take advantage of our free summer and college success programs to get you ready. Courses include:

- Summer School
- Access to Trades Math
- College Success
- Math Refresher Courses

SEPTEMBER 2017 - APRIL 2018 COLLEGE FOR A DAY

Thinking about applying to Selkirk College and want to make sure the program is right for you? Spend a day testing out programs that interest you and experience what student life is really like.

selkirk.ca/college-day

I came to Selkirk College for the College to Careers event because I am not sure what I want to do after graduation. I learned about what it's like after high school, the challenges and fun that can be had at college, and in professional working environments. It helped give me clarity.

KEVIN GRUENIGER, GRADE 11 MOUNT SENTINEL

APPLY

Applications are accepted 12 months preceding the start date for most programs. Students are accepted on a first-qualified/first-accepted basis, upon completion of all admission requirements. **APPLY EARLY TO AVOID DISAPPOINTMENT.**

1. CHOOSE

Before applying to Selkirk College you will need to decide which program you are interested in completing. Whether you are a student starting your College journey, returning for additional training or registering for preparation courses, Selkirk College offers you a variety of options. Visit:

selkirk.ca/programs

2. REQUIREMENTS

First time applicants must complete the College Readiness Tool (CRT), a skills assessment of reading and math skills which we use for advising purposes. All applicants must provide evidence they have meet the College general admission requirements and specific program requirements which can be viewed at:

selkirk.ca/apply/admission-requirements

3. APPLICATION

You can apply in person, by mail or online through APPLYBC. A \$38 non-refundable application fee must be paid before your application will be processed. If you have questions contact us at the phone numbers below or visit:

selkirk.ca/apply/step-3-fill-application

4. DOCUMENTATION

Along with your application, please include your transcripts from High School and any post-secondary institutions. If you are currently enroled in High School courses provision of an interim transcript indicating enrolment in required courses will allow conditional acceptance to your program.

5. DEPOSIT

When you receive you letter of accepted or conditional acceptance to your program, pay the non-refundable seat deposit amount identified to confirm your enrolment and hold your seat in the program.
