THE ARTS

I'VE ALWAYS WANTED TO **CREATE.**

Foster your creativity and get ready for a career in the arts by learning from working artists in state-of-the-art studios and labs. You'll cultivate your artistic expression while you develop the business and technical skills you need to thrive in a competitive, rapidly changing world.

CONTEMPORARY MUSIC & TECHNOLOGY

TWO-YEAR DIPLOMA /
THREE-YEAR ADVANCED DIPLOMA

Delve into the dynamic world of music—from performance and composition to music theory and ear training to live sound mixing. This program transfers directly to undergraduate programs at the world-renowned Berklee College of Music.

+ selkirk.ca/music

DIGITAL ARTS

TWO-YEAR DIPLOMA

Gain skills in graphic design, digital photography, digital video and audio editing, motion graphics, 2D and 3D animation, and web design and programming. Combine advanced production techniques and creativity to design for all platforms—from print to interactive media.

+ selkirk.ca/digital-arts

DIGITAL FABRICATION & DESIGN

TWO-YEAR DIPLOMA

Use technology and creativity to solve complex problems by combining the artistry of design with practical hands-on skills. With advanced equipment, cutting-edge technologies and strong industry relationships, this program prepares you for a rapidly evolving world.

+ selkirk.ca/digital-fab

WEB DEVELOPMENT

EIGHT-MONTH CERTIFICATE

Get ready for an in-demand career as a full-stack web developer. In this intensive program, you'll learn emerging web-based technologies, design and coding skills, and web-development business practices. Prepare to meet the demands of an ever-changing digital landscape.

There are so many great parts about being a Selkirk College student, it's amazing. Having both the technology and the performance aspect, you learn about theory, techniques on your instrument, production and mixing. You get a well-rounded education, and that is exciting. It makes for a well-balanced musician after you graduate.

—Jay Porteous, Contemporary Music & Technology
