Whether it's a ski, cat, or heli operation, employers are connected to Selkirk College and eager to encourage students of the **Ski Resort Operations and Management (SROAM)** program. Ryan is one of many graduates that chose Selkirk and has benefited from the college's connections in the ski industry throughout the province, country and world.

In the second year of the program, Ryan accepted a work placement at Panorama Mountain Village. After graduating, he returned to Panorama to gain experience in everything from guest services, sales, marketing and most recently, risk management. This winter marks the start of his eighth season with the resort!
