

# 45%

Selkirk students pay 45% less for the first two years of a degree than if they had gone straight to university.\*

“ I totally recommend Selkirk to anyone looking for affordable, close-to-home schooling. I really appreciate the kind staff, great learning environment and amazing support I receive from instructors. I like it so much that I’ve decided to take several of my courses through Selkirk College while pursuing my degree! ”

**Ashley Zeboroff** – 2010 Alumna of Professional Management and current student of Thompson Rivers University Open Learning.

After graduating from Stanley Humphries Secondary School in 2008, Ashley earned a two-year diploma in Professional Management at Selkirk College.

Her diploma transferred directly into the third year of a Bachelor of Commerce degree at Thompson Rivers University Open Learning (TRU-OL). With the exception of a few upper level electives and core courses, Ashley will complete her degree at Selkirk’s Castlegar campus.

Ashley will graduate in April 2012 with a major in Human Resources (HR) and hopes to work in the college’s HR Department one day.

Apply now for September entry.
