

95%

of students in the Resort and Hotel Management program gain employment within two months of graduating.*

“ In my job I have to ensure bookkeeping and hotel audits are done correctly, along with everything in between. Selkirk College didn't just give me the knowledge I needed to become successful in hospitality, it also provided me with strong critical thinking and personal skills that I use on a daily basis! ”

Chris Blois – 2010 Alumnus of the Resort and Hotel Management program and Guest Services Ambassador, Coast Hotels

After graduating from Pacific Academy high school (Surrey, BC), Chris knew he wanted to be in the hospitality industry because he could work in locations where he could embrace the outdoors. Impressed with the reputation and location of Selkirk's **Resort and Hotel Management** program, he applied and quickly became an award-winning student.

Today, Chris can be found working at Coast Sundance Lodge at Sun Peaks Resort near Kamloops, BC. His goal is to become a successful manager with Coast Hotels in the near future.

Apply now for September entry.
